Participation Policy

The online AAMPLE® program requires active student participation. The completion of assignments and participations in class discussion are not only critical for the success of the students who participate; in online educational courses, the entire class discussion is often dependent upon the completion of assignments by the designated student. In addition, the quizzes designed for each course test each student's grasp of assigned materials, providing critical evaluation of the student's level of understanding. It is therefore a requirement of the online AAMPLE® program that students take the course quizzes and participate in assigned course activities. Penalties will be imposed upon students who fail to meet this requirement.

There will be live chats each week and attendance is mandatory.

Students who fail to meet the following participation requirements will be administratively dismissed from the online AAMPLE® program:

1. Any student who fails to take a quiz shall be deemed to have one non-participation penalty for each quiz not taken. No warnings are required to be given to students who fail to take quizzes. If the answer to a quiz is not properly posted, it will count as a failure to take the quiz. All students are required to learn how to properly download quizzes and post answers.

2. Any student who fails to satisfactorily participate in an assignment will be deemed to have a non-participation penalty. The professor who believes that a student has not in good faith completed an assigned task shall inform the student that he/she has earned this penalty. The determination of good faith completion of a task will be solely in the discretion of the professor.

3. Students must participate in ALL required live chats each week in each subject.

4. Any student who accumulates three non-participation penalties in either course during the online AAMPLE® program will be administratively dismissed from the program. Such students will be denied access to the program from the point of dismissal, including a prohibition from taking the final exam.

The designation of a non-participation penalty is a final decision, and is not subject to appeal.

NOTE: PLEASE BE ADVISED THAT STUDENTS WILL BE DISMISSED AFTER RECEIVING THREE (3) PENALTY POINTS IN BOTH CLASSES COMBINED.
