RECIPROCITY POLICY

Arizona Summit Law School is pleased to provide access to our Center for Professional Development to students and graduates of other ABA-accredited law schools. The Center for Professional Development reserves the right to adjust the stated policy if the requesting school has a more restrictive policy. Guidelines for reciprocity are as follows:

- Reciprocity will be granted only to other ABA-accredited law schools, which provide reciprocal privileges to students and alumni of Arizona Summit Law School.

- Requests for reciprocity must be made in writing or email by a career services administrator, certifying the status of the student or alumni who is seeking reciprocity.

- Normally, reciprocity will be granted on a one-for-one exchange basis.

- Students/alumni will have in-office access to job postings, resource materials, and handouts for a period of 90 days. Request for renewal will be considered on an individual basis. Reciprocity does not include access to the password protected portion of the PSL Career website, participation in any interview programs or job fairs.

- Reciprocity will be granted for a three-month period with the exception of Fall OCI and Spring OCI, August 15 through November 15 and February 1 through March 31.

- Students/alumni should bring a copy of the letter granting reciprocity privileges and register with the Center’s staff at each visit.

- The Center for Professional Development may deny further reciprocal privileges to any individual who misuses its facilities or services.

Requests for reciprocity should be directed to the Center for Professional Development at 602-682-6920 or scrumbley@azsummitlaw.edu. We look forward to working with you.
